

LL.M. Data Economy Law

A new multinational LL.M. programme is being developed within the “DDM4SME” project, supported by ERASMUS+ Strategic Partnership.

The LL.M. curriculum is prepared in consortium of four European Universities and focuses on potentials, challenges and (legal and social) risks of data-driven management, data-oriented business models as well as legal, social, technical and management dimension.

**INTERESTED? THEN TAKE
THE OPPORTUNITY FOR
A FIRST ENCOUNTER...**

**Summerschool from September 4
to September 10, 2022, in Austria**

Erasmus+ Intensive Training Week
on Data Economy Law.

Scholars and experts from legal practice will provide lectures based on state-of-the-art course material developed by the DDM4SME consortium.

A detailed program and administrative details (fees, funding, venue, lodging etc) will available in Spring 2022 on www.ddm4sme.eu.
